

Are you an final year undergraduate or master student interested in research?

Looking for a unique opportunity to explore the field of Materials Science & Engineering?

Do you want to be part of an international and multidisciplinary research group?

What past fellows say about the experience:

During the first day, my expectations changed completely for the better. **I was enrolled in a real project**, with real meetings, and with other many researchers. *JG, 2015 Fellow*

During my stay in IMDEA I have not only met my initial expectations, but **I have also found an exceptional human group** in both researching and personal level. *HN, 2017 Fellow*

Conditions:

- 3 months during summer
- Open choice of research topics
- Gross stipend of 600€/month
